Delivered by experts

The course is delivered by a team of Australian Breastfeeding Association experts.

The course requires completion of 12 units of study (eight core and four elective units). This is achieved by combining self-directed study, one day workshops and assessments for each unit.

Workshop location

Workshops are in Melbourne and online.

'Great choice of speakers to present the workshops, all very experienced and knowledgeable in their specific field of lactation care/practice.'

'I loved the workshops - great speakers and opportunities to interact and learn in a group environment.'
